1. PRESENTATION

Tabakalera, as a centre of creation, develops an international residency programme, to support artists, creators and cultural agents. This program's main aim is to provide support and assistance to artistic processes, both at a conceptual and production level.

This programme, along with others set up in Tabakalera, aims to create a space in which different agents and their projects coexist to bring about possible collaborations between residents and guest agents.

Various specific lines of activity have been developed within Tabakalera's cultural programme linked to reflection and debate on the modern world. The cultural centre uses the diversity of its programme to bring its audiences closer to issues which affect modern society.

Tabakalera's international residency programme plays a crucial role in continually addressing these issues and demonstrating a clear intention to interlink the different aspects of our public offering. The programme in undoubtedly an opportunity to collaborate with new local and international agents—key players in enriching and growing the Tabakalera project.

This call is open to all physical or legal persons, living in Basque Autonomous Community, national or international. **Four** projects will be selected.

The residency, which will last between **four and eight** weeks, will offer space, context and time for the development of an artistic project, and it will take place from **January 2nd to March 10th, 2022**.

Natural or legal persons may also be submitted to the call, together, without requiring the formalization of any relationship between them, in which case it may apply the provisions in the final paragraph of Clause 5.

4. COMMISSION AND SELECTION CRITERIA

Tabakalera will create a mixed committee composed of professionals of the field and own staff, to evaluate the project based on the following criteria:

- Innovation and originality.

- Project viability and maturity for possible participation in future Tabakalera exhibition programmes.
