"Music does not fill the space, it creates the space"
 Ernst Bloch, Zur Philosophie der Musik, 1972

This exhibition will show the sound of the walls of **Tabakalera** and offer a new way to know, to read, the building. In order to do so, we have created a tour, guided by the sound, that is a sound art exhibition but also give us the opportunity to know a building with such a big personality as **Tabakalera**. "Sounds to **Tabakalera**" is a chance to re-discover the architecture of **Tabakalera** through the different forms of its sounds.

Now, we only need to pay attention, which is no small thing.
